Biographical Note

Kent Hitchcock was a marine and commercial photographer based in Newport Beach, California.

Scope and Content Note

The collection consists of photographic negatives and some black and white prints taken in the Newport Beach, California, area depicting various scenes of ships, fishing, buildings, boats, races, events, houses, and businesses during the 1940s and 1950s. There are many photos related to the Balboa Angling Club, most of which are of anglers with their catches.

Organization and Arrangement Note

The collection is arranged in ascending numerical order:

Box 1	293-574
Box 2	674-1366
Box 3	1418-1884
Box 4	1885-2907

The numbers used to identify the prints and negatives in this collection are Hitchcock's; they are constructed to reflect the film reel number followed by the print number. For example, 1448-3 describes print number 3 of reel number 1448.

However, the collection is arranged in the container list by subject rather than by number.
